

Gdynia Operations Centre: Help for Pomerania for Children Hospice

Posted by [Ewa Gajewska](#) Mar 15, 2016

Pomerania for Children Hospice (Hospicjum Pomorze Dzieciom) gives a chance to 27 patients to find their peace surrounded by loving people in a place where they feel safe the most - HOME. It has been running for 2 years now with a great success and most importantly happy kids and grateful families which value the possibility to be close to their kids more than anything. The Hospice also provides psychological support to the families already in mourning. Unfortunately the National Health Fund in Poland refused to support the Hospice financially until 2017 when it is possible to apply for **support** again. The 1% tax option will also be available only then. For this reason right now the Hospice exists only thanks to the Sponsors and Donors who lend the helping hand to make it survive this year.

[Our company is proud to become part of it. The Hospice problem was also raised over different Media:](#)
